You have a business to run, and running to the bank no longer needs to be a distraction. Let MidSouth Bank Treasury Services bring the bank to you! Our online services and on site banking tools let you make deposits, transfers, payments and other bank transactions from the convenience of your office, or your car, or practically anywhere your smartphone accompanies you. Now, you can bank 24/7 without the worries of getting to the bank before it closes. And best of all, your deposits are available faster.

At MidSouth we think banking is more than just opening accounts and handling transactions. We embrace banking as a commitment to community, establishing close relationships with our customers while serving as an active corporate citizen. We strive to build our bank as an integral part of each community we serve - large enough to offer comprehensive financial services and to deliver them in an exceptional manner, yet small enough to make your financial goals our highest priority.
