MidSouth Bank

What does banking with MidSouth mean?

Our story began in 1912 and we have been serving the needs of our customers and communities ever since. From the start, MidSouth Bank has embraced a helpful brand of banking from which we have never wavered: responsive service focused on valued relationships with our customers. Our handshake is our bond. It's who we are – banking professionals who are deeply committed to service.

As an independent community bank, MidSouth is well-capitalized, and above the most stringent regulatory standards. With assets over \$600 million, MidSouth Bank is one of the strongest financial institutions in the South. Our approach is conservative with a plan for steady growth, positioning us to serve our communities for generations to come. We also recognize our bank can only be as strong as the communities we help build. It's why we invest our time, our resources, and most importantly, our people where we do business.

In an increasingly complex world, your banking shouldn't be that way.

- Our solutions will help you **make money**.
- We'll look for creative ways to **save you money**.
- We'll craft financial solutions that **lower your risk**.
- And we're committed to making your banking **easy and convenient**.

Give us a try. We promise you'll find MidSouth Bank truly is... the friendliest and most helpful bank in town.

OUR PROMISE
—■■■■—

To always treat you like family,
with respect and honesty.
